

Welcome to SUN AIR CUP og JDM/IJGC 2020

We welcome everyone to the SUN AIR CUP and JDM / IJGC 2020. There are 59 participants registered, of which 9 in 15-meter, 28 in open class, 17 juniors and 22 in IJGC - where the juniors also participate in this class.

Unlike previous years, this year we are hosting IJGC with 3 participants from the Netherlands and 2 participants from Germany.

We hope for a safe and good competition and we expect everyone to do their utmost to achieve this.

The outlanding options are found almost everywhere, but still abort the competition flight at a suitable, predetermined altitude and switch to landing mode, so that you can make a well-disposed landing.

This year, SUN AIR is the main sponsor with great prizes. In addition, JOINT JET and Dagli' Brugsen in Arnborg have donated day winner prizes.

We say thank you for the support to all our sponsors.

IGC files

sent by e-mail to: logger@dsvu.net as soon as possible after landing.
Alternatively, it can be handed in personally to Niels Voight at the office. It facilitates the expedition if the file is on a Micro SD card.

Outlanding - remember message to the office!

When outlanding, information with the competition number, coordinates and the name of the nearest town must be sent to the competition office. The information is sent by SMS to + 45 2442 9155.

At the same time, it must be stated whether everything is OK or the plane is damaged, and whether there is contact with helpers.

NOTE: The Competition Office cannot undertake to coordinate retrieval.
